

EZFare for Rail

Advanced hybrid solutions for smart cards, mobile ticketing, Ticket Vending Machines (TVMs), fare gates with ticket validators, retail point of sale equipment, web portals, handheld fare inspection devices and a central management system.

Trapeze Rail Enterprise AFC solutions have been implemented by transit agencies all around the world. Using our hybrid system, rail operators report increased commuter throughput, a reduction in fraud and handling costs, and increased net revenues. Available as a standalone or as part of an integrated package, our AFC solution provides a flexible and secure option for rail operators of all types and modes.

CONTACTLESS SMART CARDS

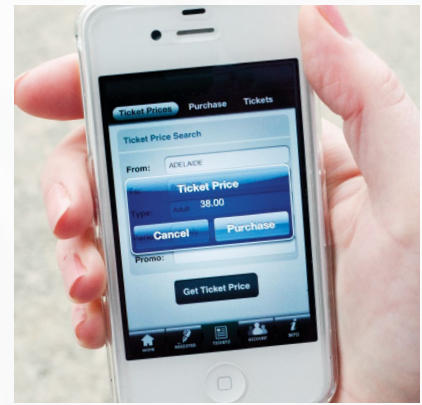

Our market-leading solution is in use around the world because of its simplicity and the reliability of our 3-step approach to secure smart card transactions:

- **Step 1 - Check-in:** Wake up the smart card and verify the right to travel
- **Step 2 - Presence Detection:** Automatic recording of smart card ID
- **Step 3 - Journey Building and Billing:** Trip portions are combined to create a complete journey and billed against a credit card, e-wallet, or stored value ticket

MOBILE TICKETING

Trapeze Mobile Ticketing solutions allow your passengers to buy their rail tickets from anywhere, quickly and securely. We offer support for single trip plans, zonal fares, period passes, and more:

- Activate when needed
- Works on virtually all mobile phones
- Sophisticated anti-fraud features
- Ticket redemption via visual, barcode, NFC methods

TICKET VENDING MACHINES (TVMs)

Trapeze Ticket Vending Machines feature an easy-to-read 15-inch color touchscreen display and provide a continuous connection to our back office administration suite. Our TVMs are optimized for safety with theft protection and a multi-stage locking system and offer:

- Maintainability to keep costs low
- Potential to gather additional traveler data and earn advertising revenue
- Fully accessible for disabled passengers

TRAPEZE GROUP

Trapeze Group works with public transit agencies and their communities to develop and deliver smarter, more effective public transit solutions. For more than 25 years, Trapeze has been here for the journey, evolving with our customers around the world to help them move people from point A to Z, and everywhere in between.
